# SHAMPOO

## AROMATIK SHAMPOO

**Aromatik anti-odour Shampoo, highly professional with Mentha piperita, argan oil, lemongrass and eucalyptus is specific for dogs and cats.**

Its exclusive formulation with natural ingredients of biological agriculture, degreases and eliminates all kinds of odours even the most persistent making the hair clean, shiny and nourished. It is suitable for frequent washing and for all types of coats; it doesn't create problems with allergies or skin sensitisation and helps to maintain the keratin structure optimally. Mentha piperita has a significant soothing and refreshing effect, in case of irritation it relieves the skin giving a pleasant sensation of freshness. The Mentha piperita oil promotes the blood flow in the area where it is applied stimulating the regrowth of the hair. Excellent on oily skin because thanks to its remarkable astringent qualities, it has a purifying and hydrating effect for itching and dandruff problems. Citronella oil is a powerful organic compound with anti-bacterial and anti-fungal properties. Thanks to its antiseptic and grease properties, the Eucalyptus oil refreshes and strengthens the coat. The apricot oil contains vitamin A and E suited for hydrate and regenerate the skin and the hair, making it silky and shiny. Argan oil completes the union by nourishing and repairing the hair, making it hydrated and nourished thanks to its properties, in addition to being soft and shiny.

### RECOMMENDED:

- For all dogs and feline breeds.
- For frequent washes, it is degreasing, anti-odour and antiseptic of the hair.
- To nourish, restore and fight the frizz of the hair.
- For the following dog breeds: Bulldog, Pug, Sharpei, Cocker.

### HOW TO USE:

Dilute Aromatik shampoo 1/10, apply the product over the dry coat and wet slowly; leave on a couple of minutes and rinse. Then repeat the procedure and rinse thoroughly. If necessary, use the pure product for the first shampoo.

## MENTHA

It has a soothing and refreshing effect, relieving the skin.

## BIOSILK SHAMPOO WITH SILK PROTEINS

**Biosilk shampoo with silk proteins, highly professional with Lavandula, aloe vera and amino acids indicated for curly long and medium coats of dogs and cats.**

Its exclusive formulation made by natural ingredients of biological agriculture and with a restructuring and softening action, gives brightness and vitality. Silk proteins are a mixture of quaternized proteins which thanks to their cationic nature give conditioning and softening properties. Do not harden and stiffen the hair, improve the manageability of the curly coat and make it shiny and soft. Lavender is a cure-all for the coat thanks to its soothing, antiseptic, healing properties. Amino acids have a regenerating effect; they recompact the coat fiber, giving it body, structure, vitality and shine. Aloe vera completes everything by making the hair soft and velvety. Even from the first treatments there is an evident improvement of the treated coat.

### RECOMMENDED:

- For all dogs and feline breeds with long, curly and medium hair and for puppies.
- To nourish and restore the hair.
- For the following dog breeds: Poodle, Maltese, Bichon Frisé, Lagotto Romagnolo, Bedlington Terrier, Golden, Chihuahua with long hair, Pug, Chow-Chow, Border Collie etc...

### HOW TO USE:

Dilute Biosilk shampoo 1/10 and distribute it over the dry coat, wet slowly, leave on a couple of minutes and rinse. Repeat the procedure and rinse thoroughly. For best results, it is recommended to use Biosilk Mask.

## CITRUS BERGAMIA SHAMPOO

**Shampoo with bergamot unpleasant to fleas, highly professional, created with raw materials of high quality from biological agriculture.**

The essential oils of Citrus Bergamia and Citrus Aurantium (andiroba, tea tree, lemon) make the product unpleasant to insects but at the same time it is delicate for the skin and the hair of the animal. Bergamot oil is one of the most degreasing essential oil of Calabrian origins thanks to its natural fruity and citrus fragrance, it has the power to neutralize strong odours, it is an effective natural bactericide against insects and at the same time it is freshening, softening and tonifying for the skin. Citrus Aurantium has anti-inflammatory and disinfectant properties, it cleanses and softens the hair thanks to its decongesting, antiseptic, bactericidal and purifying action. Citrus Bergamia shampoo hence purifies the skin and gives shine and elasticity to the hair.

### RECOMMENDED:

- For all dog and feline breeds.
- To degrease and purify the hair, unpleasant to insects.
- To give elasticity and shine to the coat.

### HOW TO USE:

Dilute Citrus Bergamia shampoo 1/10, apply it over the dry coat and wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. If necessary, use the pure product for the first shampoo.

# SHAMPOO

## CRISP HARD SHAMPOO

**Crisp Hard Shampoo is a highly professional product specific for hard coats, specifically studied to give structure to the texture of the hair so as not to alter the roughness of the hair with washing.**

Formulated with an exclusive blend of essential oils with raw materials of biologic agriculture: lemon, orange and bamboo marrow. Lemon is an essential oil that repairs and strengthens the coat from possible frequent damages such as air pollution, making the hair soft and silky, essential for the health of the skin and for the construction of a strong and elastic hair shaft thanks to vitamin C, folic acid, vitamin B and mineral salts. Bamboo marrow is rich in vitamin B, it contains also iron, calcium and proteins which have a softening and conditioning effect that surprises from the first application. The hard coat, damaged by chemical treatments or aggressive climatic conditions, gets weaker becoming thin and dull but thanks to the delicate action of the bamboo, the hair is deeply nourished regaining elasticity, lightness and brightness and at the same time it eliminates frizz. Orange instead, rich in vitamin C, gives shine and elasticity to the hair. Crisp Hard shampoo does not alter the typical texture of the coat but helps to achieve the correct hardness of the hair type of the breed. After the washing, the hair seems immediately rough, strong, textured and rich in its natural oils. It acts giving volume where the coat requires it, it shapes and weigh down when necessary.

### RECOMMENDED:

- For all dog and feline breeds which need to strengthen the hair.
- For damaged and weak coats.
- For the stripping and the trimming.
- For the following dog breeds: Schnauzer, Fox Terrier, Dachshund, Jack Russell, Terrier, Scottish, Bobtail, West Highland.

### HOW TO USE:

Dilute Crisp Hard shampoo 1/10, apply it over the dry coat and wet slowly, gently massage, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. If necessary, use the pure product for the first shampoo.

## DINAMIK SHAMPOO & MASK

**Is a highly professional product with ingredients of biological agriculture: argan oil, lemon and orange extracts.**

The argan oil nourishes and restructures the hair with its hydrating and purifying properties. Lemon and Orange extracts, thanks to their properties, make the hair soft and silky, strengthen and repair the coat protecting the hair from the smog, giving brightness and elasticity as rich in Vitamines B and C, folic acid and mineral salts. This Shampoo&Mask together is suitable for all hair types, plays a gentle cleansing and at the same time, the mask restores the hair making it shiny and bright. It reduces washing times.

### RECOMMENDED:

- For all dog and feline breeds with long and medium hair
- For puppies.
- For frequent washes, it reduces drying times.
- Or the following dog breeds: Poodle, Maltese, Bichon Frisé, Lagotto Romagnolo, Bedlington terrier, Golden, Chihuahua with long hair, Pug, Chow-Chow, Border Collie etc...

### HOW TO USE:

Dilute Dinamik shampoo&mask 1/10, apply it on the dry coat and wet slowly, gently massage, leave on a couple of minutes and rinse accurately. If necessary, repeat the operation.

## ENERGY HYPER DEGREASING 1:50 SHAMPOO

**Highly concentrated product, suitable for all types of coats with oily skin and for all dog and feline breeds; it removes the grease and regulates the production of sebum thus controls the odour of the skin.**

It is a highly powerful concentrated shampoo with a professional formula for high performance and with a dilution 1:50 that makes the grooming excellent. It degreases in a delicate and completely natural way, without being aggressive for the skin or drying the hair thanks to its raw materials of biological agriculture: chamomile recutita and aloe barbadensis, extracts that confer a degreasing, healing, relaxing, purifying and decongestant effect, enriched with vitamin C and E that are fundamental to hydrate the skin and the hair. It removes the "greasy dirt" from the hair and has a cleansing and sanitizing action; it keeps the integrity of the skin barrier and the microorganisms balance; thanks to the aloe vera, it removes the dead cells and the sebum allowing the hair to grow back. Moreover, it helps to repel dust and dirt giving brilliance, strength and elasticity to the coat. It is excellent for oily and neglected coats or with smelly skin; it removes all types of residue due to the use of oils or conditioners from the coats with long or short hair. Suitable for dogs with many folds of the skin such as the bulldog, the pug or the sharpei. It has a dual effect: in addition to degrease the coat, it acts on the skin by hydrating it and giving structure and strength to the hair. The product has very good antistatic and healing properties and a pleasant long-lasting fragrance.

### RECOMMENDED:

- For all dog and feline breeds with oily skin.
- To degrease and clean in a natural way.
- To nourish and give brightness to the long hair.
- For the following dog breeds: Poodle, Lagotto Romagnolo, Bedlington terrier, Golden, Chihuahua, Pug, Chow-Chow, Border collie, Cocker, Labrador, Bulldog, Dachshunds.

### HOW TO USE:

Dilute the hyper concentrated shampoo 1/50 in warm water and mix with an immersion blender, apply the formed cream over the dry coat trying to arrive to the skin, wet slowly, gently massage, leave on a couple of minutes and rinse accurately. For best results, it is recommended to use Energy Mask 1/50 plus.

## TEA TREE MULTIFUNCTION SHAMPOO

**Multifunction professional shampoo made of Tea Tree essential oils, rosemary extract and Neem oil of biological agriculture.**

Its exclusive formulation with natural ingredients of biological agriculture, cleanses, soothes, disinfects and deodorizes by cleaning the coat and the skin deeply. It helps to balance the sebum production respecting the natural structure of the skin and leaving the hair shiny and soft. The Tea Tree oil is an antiviral, antibacterial and antifungal product with balsamic and healing characteristics in addition to being a grease product. The Neem oil is a natural bactericide that fights dandruff and calms the itching. The Rosemary plays a purifying action on the skin and a restructuring action on all lengths, it helps the coat to be bright, soft and elastic.

### RECOMMENDED:

- For all dog and feline breeds.
- For frequent washes, it is soothing and polishing for the hair.
- To remove the redness of the skin after the stripping.

### HOW TO USE:

Dilute Tea Tree shampoo 1/10, apply it on the dry coat and wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. If necessary, use the pure product for the first shampoo.

# SHAMPOO

## VEGETAL WHITE SHAMPOO FOR WHITE COATS

**VEGETAL WHITE is a professional shampoo with whitening and brightening effect, suitable for black and white coats.**

The natural formulation is created with ingredients from biological agriculture such as: lemon, hawthorn and coffea arabica. Lemon is antibacterial, refreshing and polishing. Hawthorn has a purifying and astringent effect. Coffea Arabica has a tonifying and purifying effect. Used regularly, it keeps the coat white and shiny for a long time; it helps to remove the spots and the yellow stains without damaging the structure of the hair.

### RECOMMENDED:

- For all dog and feline breeds with white coat.
- To purify, polish and counter the yellowing of the hair.
- For the following dog breeds: Bolognese, Bichon Frisé, Maltese, Poodle, West Highland, White terrier, Pomeranian, Coton de Tulèar.

### HOW TO USE:

Dilute Vegetal White shampoo 1/10, apply it over the dry coat and wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. If necessary, for the extremely yellowed coats, use the pure product for the first shampoo.

## VOLUMIX VOLUMIZING SHAMPOO

**Volumix Shampoo is a natural highly professional volumizing product, thanks to its innovative formulation with natural and vegetable extracts such as Mauve from biological agriculture and soy proteins; it gently cleanses the hair giving it volume and brightness.**

The mauve extract has a soothing and anti-inflammatory effect, fundamental to avoid skin irritations, also suitable for weak and thin coats. Soy proteins have a strengthen effect: they wrap the hair in a protective microfilm creating a shield on the edges of the cuticle and the points of fracture. Volumix shampoo has been designed for all breeds with long and semi-long hair which need more volume, ensuring the maximum result in terms of washing, softness and strength. It gives strength and volume without weighing down the hair and is able to polish it. After drying, the coat will look more voluminous, reinforced, soft, smooth and velvety.

### RECOMMENDED:

- For all dog and feline breeds which need more volume.
- To give softness, to soothe, to strengthen and volumize.
- For frizzy and rough hair of curly coats.
- For the following dog breeds: Terrier, Poodle, Bichon Frisé, Chow-Chow, Pomeranian Spitz, German Spitz.

### HOW TO USE:

Dilute Volumix shampoo 1/10, apply it over the dry coat and wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse. If necessary, use the pure product for the first shampoo. For best results, it is recommended to use Volumix Mask and Volumix Touch-Static Control Spray.

## YPODERM DERMO PROTECTIVE SHAMPOO

**Ypoderm is a dermo-protective professional shampoo with softening, soothing and balsamic elements with a unique formulation rich in essentials extracts and oils: aloe vera, melaleuca and sweet almonds from biological agriculture.**

Melaleuca oil is perfect to purify the skin and promote hair regrowth. The bactericidal, antiviral, antifungal and antiseptic properties make this product suitable to clean the skin in an effective way by harmful microorganisms and fungus being a fungicide with balsamic, healing and skin-calming characteristics. It reduces dryness and itching at the same time, it naturally cures mycosis and dermatitis, redness of skin, dandruff, seborrhoea, irritated and dry skin. Melaleuca oil together with sweets almonds rich in vitamin E, A and D, nourish, polish and make the coat soft. Aloe vera extract helps to eliminate sebum and dead cells by purifying the skin and the hair and give structure to the coat.

### RECOMMENDED:

- For all dog and feline breeds.
- To soothe and purify the skin.
- To reduce dermatitis, itching and dandruff.

### HOW TO USE:

Dilute Ypoderm shampoo 1/10, apply it over the dry coat and wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. If necessary, use the pure product for the first shampoo.

## YPOWER SHAMPOO WITH HONEY PROTEINS

**Ypower Shampoo is a highly professional product with its exclusive formulation of ingredients from a high biological agriculture: honey proteins, propolis and aloe vera. The natural raw materials contained in the shampoo nourish the hair and make it silky, soft and bright.**

Honey is a great source of nourishment and beauty for the skin and the coat; it hydrates and purifies thanks to the cosmetic properties of bees' nectar and to the sweeter composition. Together with the proteins of mineral salts, it becomes a perfect hydrating, protective, nourishing, soothing ingredient and rich in restorative properties for the skin. Honey, rich in polyphenols and flavonoids, plays also an antioxidant action. The pH of the shampoo keeps the natural acidity value leaving intact the lipid film that covers and protect it. The enzymes of honey and the natural vegetable antioxidants play an intense purifying and soothing action, also on the most sensitive skin. Aloe vera completes and improves the restructuring process with its strongly hydrating, anti-oxidant and anti-inflammatory properties. The mix of conditioning ingredients confers to the hair an exceptional brilliance by purifying and strengthening it.

### RECOMMENDED:

- All dog and feline breeds with smooth and long hair. For puppies and old cats and dogs.
- For dry and damaged coat with itching.
- For the following dog breeds: Spitz, Maltese, Volpino, Yorkshire, Cocker, Cavalier King, Pomeranian, Papillon, Havanese, Lhasa Apso.

### HOW TO USE:

Dilute Ypower shampoo 1/10 and apply it on the dry coat, wet slowly, leave on a couple of minutes and rinse. Then repeat the operation and rinse thoroughly. For best results, it is recommended to use Ypower Mask.

Its exclusive formulation is made by natural ingredients of biological agriculture with a conditioning, untangling, restoring and softening action. Silk proteins are a mixture of quaternized proteins which thanks to their cationic nature give conditioning and softening properties. Do not harden and stiffen the hair. They improve the manageability of the curly coat giving it softness and brightness. Lavender is a cure-all for the coat thanks to its soothing, antiseptic and healing properties. Amino acids have a regenerating effect; they recompact the coat fiber giving it body, structure, vitality and shine. Aloe vera completes everything by making the body soft and velvety. Even from the first treatments there is an evident and immediate regenerative action, the no-rinse method leaves no residue and does not weigh down the hair.

### RECOMMENDED:

- For all dogs and feline breeds with long, curly and medium hair and for puppies.
- To nourish and restore the hair.
- For the following dog breeds: Poodle, Maltese, Bichon Frise, Lagotto Romagnolo, Bedlington Terrier, Golden, Chihuahua with long hair, Pug, Chow-Chow, Border Collie etc.

### HOW TO USE:

Dilute Biosilk mask 1/40 in warm water and distribute it over the wet coat. Gently massage and brush the coat to allow the product to be absorbed, leave on for 15/20 minutes and then proceed to dry the hair without rinsing. For best results, it is recommended to use Biosilk shampoo.

## YPOWER MASK WITH HONEY PROTEINS

**Ypower Mask is a highly professional product with an exclusive formulation with ingredients from biological agriculture: honey proteins, propolis, aloe vera.**

Propolis and honey proteins intensely nourish the hair and the skin, balancing the excessive production of fat skin. Aloe vera completes the restructuring process with its strongly hydrating, anti-oxidant and anti-inflammatory properties. The mix of conditioning ingredients confers an excellent brilliance to the hair, by purifying and strengthening it. Ypower mask formulated exclusively with natural ingredients, rich in conditioner proteins, makes the combing easier, leaves the coat untangled, shiny and nourished; leaves no residues and does not weigh the hair down. The regenerative action is immediately visible on the coat from the first treatments.

### RECOMMENDED:

- For all dog and feline breeds.
- For weakened and dry coats.
- To nourish, restructure and revitalize.
- For the following dog breeds: Spitz, Maltese, Volpino, Yorkshire, Cocker, Cavalier King, Pomeranian, Papillon, Havanese, Lhasa Apso.

### HOW TO USE:

Dilute Ypower mask 1/30 and apply it on the wet coat; leave on a couple of minutes and rinse accurately. For best results, it is recommended to use Ypower Mask.

## VOLUMIX BIO VOLUMIZING BIO MASK

**Volumix Bio is a professional instant volumizing mask made with flax seeds, almonds and vegetable proteins from biological agriculture, a true concentration of volume, ideal to re-structure the fibres of the coat of dogs and cats.**

Vegetable proteins are excellent cosmetic actives for the hair; they strengthen and give volume, making the coat smooth and brilliant. Flax seeds instead, hydrate and nourish the dry, frizz and damaged coat helping to shape the styling. Sweet almonds have a detangling and smoothing action and fight the frizz effect of curly and rebellious hair; it is an excellent anti-oxidant with vitamin E, vitamin A, vitamin D. Thanks to these raw biological volumizing materials, Volumix Bio Mask nourishes, polishes and makes the coat soft, gives volume and elasticity without weigh down, strengthening the hair and giving vitality and structure.

### RECOMMENDED:

- For all dog and feline breeds that need more volume.
- To give softness, elasticity and volume.
- To fight the frizz effect of the hair
- For the following dog breeds: Terrier, Poodle, Bichon Frisé, Chow-Chow, Pomeranian Spitz, German Spitz.

### HOW TO USE:

Dilute Volumix Bio Mask 1:30 in warm water and use it as a compress from 5 to 10 minutes and rinse thoroughly. Does not leave any residues and does not weigh down. For best result, it is recommended to use Volumix Shampoo and Volumix Touch-Static control spray.

## RELAXING MASK SENSITIVE SKIN

**Relaxing sensitive skin mask, thank to its formulation, is a highly professional performing product made with raw natural materials from biological agriculture: Phyto-keratin, soy proteins, lemon and orange extract, almond and olive oil, chamomile, calendula.**

It is a restructuring and performing product made with Phyto-keratin that makes the hair internal structure stronger, sealing the cuticle and eliminating frizz. Phyto-keratin is made by wheat proteins that are a 100% vegetal substitute of the Keratin of animal origin; it is a conditioning and nourishing for the hair, visibly repairs the dermis and fortify the skin in a natural way. Soy proteins are the perfect ingredient to improve the consistency and the hydration, improving the resistance and the strength of the damaged hair in fact the weakened hair will benefit from them in an excellent and healthy way. Soy has a strong protein and lipid content, rich in vitamin E. Moreover, soy proteins give brilliance, structure and manageability to comb to the hair; they protect the hair from the heat of the hair straightener and hair dryer, reducing the damage caused by the oxidative damage and UV rays. Relaxing Mask, thanks to its biological essential oils and vegetable ingredients, has an extra nourishing, condition and soothing power for the skin and a powerful anti-oxidant action. The regular use of Relaxing Sensitive Skin Mask together with Relaxing Sensitive Skin Shampoo, give structure, elasticity, brilliance, manageability to comb and restores the physiological pH of the skin.

### RECOMMENDED:

- For all dog and feline breeds with sensitive or damaged skin.
- For dermatitis, redness or itching.
- To repair and fortify the skin and strengthen the hair.

### HOW TO USE:

Dilute Relaxing sensitive skin mask 1/30, apply it over the coat, massage, leave on for 10/15 minutes and rinse thoroughly. For ultra-damaged coats, dilute the mask 1/10, leave on 10/15 minutes and rinse thoroughly. For use in SPA: dilute Relaxing sensitive skin mask 1/30, apply it over the coat, message, leave on for 5 minutes then immerse the dog in the SPA for 30 minutes. For best results, it is recommended to use Relaxing sensitive skin shampoo.

## RELAXING SCRUB EXTRASTRONG

**Relaxing Scrub is an exfoliating, purifying and soothing product, highly professional, designed by a team of experts in cosmetic formulations, in order to naturally remove skin impurities and the excess of dead hair for moulting dogs and cats without being aggressive.**

The ingredients are of vegetable nature and the essential oils from biological agriculture: beeswax, shea butter, olive oil, apricot oil, vitamin E and C, all make this product extremely effective. Relaxing scrub is to be used before the bath with dry hair in order to obtain a gentle exfoliation that reoxygenates the skin, illuminates and revitalizes the hair by removing the impurities trapped by the essential oils and eliminating them by rinsing. Moreover, it is possible to obtain a light mechanical peeling that removes the impurities and the excess of dead hair for moulting dogs; it is a great help during the grooming and reduces the time by eliminating the excess of hair in an easy way. Excellent results are visible even from the first treatments on the treated dog or cat, both on the skin that will be exfoliated, purified, regenerated and soothed and on the hair that will be lightened and exfoliated. Soothing oils and repairing extracts ensure a nourishing, soothing, dermo-purifying, regenerative power and a powerful anti-oxidant action.

### RECOMMENDED:

- For all dog and feline breeds that are moulting.
- To remove the impurities and the hair excess.
- For dermatitis, redness and itching.

### HOW TO USE:

Wet the coat that has to be treated, apply the product, gently massage to let the product to be deeply absorbed, leave on 5-10 minutes and rinse thoroughly. For use in SPA: Wet the coat that has to be treated, apply the product, gently massage to let the product to be deeply absorbed, leave on 5-10 minutes, then immerse the dog in the SPA. The duration of SPA treatment is 30 minutes.

## BERGANEEM SHAMPOO

**Berganeem shampoo comes from the perfect union between two natural biological elements of high quality: bergamot oil and neem oil which synergically create a "barrier effect" against parasites, mosquitoes, fleas, horseflies and ticks.**

Together with other elements of biological agriculture such as melaleuca, tea tree, Lavandula, Mentha piperita, thyme and zinc which clean the oily and impure skin deeply and gently, the berganeem shampoo hydrates and creates an insect repellent action. The bergamot is a citrus fruit typically Italian, grown exclusively in Calabria with massive pharmacological properties such as antiseptic, anti-inflammatory and anti-bacterial. Among its many properties it is an excellent insect repellent, an anti-stress and a deodorant par excellence. It has the power to neutralize strong odours and is perfect to freshen, soften and tone the skin.

Moreover, the bergamot oil is effective against insects being a natural bactericide. It makes the berganeem shampoo unpleasant to insects but at the same time it is delicate for the skin and the hair of the animal. The Neem oil is a vegetal oil known all over the world for its extraordinary properties and for its multiple applications; in fact, it is able to contrast not only insects and parasites but also bacteria and fungus. The Neem oil as all the vegetal oils owns hydrating, softening, regenerating and restructuring properties for the hair. The exclusive matrix of Bergamot and Neem's essential oils makes the product unpleasant to insects but also a perfect cleaner that respects the physiological pH gently. Zinc, the principal ingredient, relieves itching and the annoying skin irritations. It is recommended to use the shampoo at the beginning of the spring as prevention together with the berganeem spray lotion.

SIZES	PRODUCT CODE

## POWDER EARS STRIP

**Powder Ears Strip is a professional powder made with Aloe Vera and Boric Acid from biological agriculture.**

Powder Ears Strip is a fine and impalpable powder specifically designed to remove with extreme simplicity the hair that grow in the auricle of the dog. Very useful for stripping treatment, especially for the most difficult areas such as ears, cheeks and back areas of the dog. Its composition with aloe vera makes the powder soothing, healing, astringent, purifying and antibacterial. Boric acid is antiseptic and antibacterial for the disinfection of skin areas irritated by the stripping; it helps in the prevention of possible infections and accumulations of mites.

### RECOMMENDED:

- For all dog and feline breeds which need stripping.
- To remove hair from ears, cheeks and back areas.

### HOW TO USE:

Apply the powder inside the auricle, leave on a couple of minutes and proceed with the removal of the hair. Apply the product on the area that has to be stripped and proceed with the stripping.

## BIO-PRO SPRAY

**The Bio-Pro Phyto-Keratin spray is a certified product BIO-VEGAN highly restructuring and performing based on vegetable proteins, wheat proteins and soya proteins. The combination of Proteins form a serum that strengthens the internal structure of the hair by sealing the cuticles.**

Wheat proteins or Phyto-Keratin are the 100% plant substitute of keratin of animal origin, have a moisturizing and nourishing action, in particular they are excellent conditioning for the hair. Soy proteins, on the other hand, are the perfect ingredient to improve the consistency, hydration and shine of the damaged coat, improving its strength and consistency. Soy also has a high content of proteins, lipids, rich in vitamin E it is a cure-all for stressed coats that need maintenance. The Bio-Pro Phyto-Keratin is recommended for compresses and preparation of packages for expo and show dogs in long-haired breeds that will benefit from it; suitable for the recovery and daily maintenance of the most demanding and stressed coats.

### RECOMMENDED:

- For all dog and feline breeds as a finish.
- For frizzy and dry coats.
- To polish, restructure, combat frizz and revitalize hair.

### HOW TO USE:

Spray evenly on the wet coat and proceed with drying. For an even more effective result we recommend using Bio-Pro Phyto-Keratin shampoo and Bio-Pro Phyto-Keratin mask.

## PROFESSIONAL SCISSORS FOR GROOMERS

The new **Brand Glamour Italian style**, professional scissors of the highest quality, has been designed to bring a breath of novelty, elegance, innovation, and professionalism to the world of grooming. The scissors are of high quality with exceptional cut: performing, light comfortable, flowing smoothly and fashion design Made in Italy.

MADE  IN ITALY

**STRAIGHT SCISSORS:** light, performing, perfect finish, excellent for any type of hair.

**CURVED LIGHT SCISSORS,** handy suitable for all breeds that need roundness because it has a curvature designed to work on small and large sizes. It guarantees excellent finishes.

**SUPER CURVED SCISSORS** robust that allows you to obtain the maximum technique in the most comfortable position, thanks to the super curvature designed to work on small and large sizes suitable for all body roundness, rib and head. It guarantees excellent finish.

**NARROW TOOTHED SCISSORS** light, handy, performing for straight hair, ideal for obtaining a natural result even in presence of large quantities of hair realizing any degradation of cut on any type of hair.

**CHUNKER SCISSORS** robust but comfortable light, excellent for hard and curly hair. Suitable for finishing work or for effortlessly thinning off curly hair but also on dogs with less abundant and fluffy hair.

**WIDE TOOTHED SCISSORS** incredible stability and smoothness ensures effortless cutting. It can be used both on straight and curly hair, can be used both for thinning and for finishing and smoothing of hair. Fluid flow, maximum comfort, precision and lightness in a single brand Made in Italy... Glamour Italy Style.

## OUR TECHNOLOGIES

### **POWER PERFORMANCE TECHNOLOGY:**

the key point of this technology is the structure of the fabrics, snag resistant with high abrasion resistance and excellent elasticity.

### **BIOBACK LOW IMPACT TECHNOLOGY**

this technology, which uses accelerated biodegradability yarns, is proposed as a valid answer to the end-of-life theme of textile products.

### **DWR M**

Is the water-repellent technology: totally fluorine free and without chemical components, it is completely sustainable thanks to the plant-based technology, the so-called CO Fluoro Free.

### **HIGH - RESOLUTION TECHNOLOGY:**

Resolution technology: is a cutting-edge technology in the preparation of fabrics for sublimation printing.

### **FORCE SHAPEWEAR TECHNOLOGY**

Is the combination of excellent stretch and elastic recovery of the fabric, a well-balanced percentage of elastomer and a pleasant feeling to the touch, gives elasticity, easy compression and quick drying.

# TECNO GROOMING

**TECNO-GROOMING** SLICKER BRUSH

**Tecno-Grooming  
Aries Slicker  
brush** is a  
professional brush  
designed to meet  
every need, with  
carefully selected  
materials.

 **ARIES**

## TECNO-GROOMING ARIES SLICKER BRUSH FOR PROFESSIONAL GROOMERS

Suitable for any type of hair and for each breed, EXCELLENT to untangle, iron and volumize the hair. It has an ultra-soft bearing to be gentle on the skin and not break the hair. It also has high-quality steel teeth that don't ruin the cape. The teeth are made in such a way as not to scratch the skin and does not damage the hair; the use of this special slicker brush will allow you to do the work in half time.

The anatomical shape of the handle is designed not to strain the wrist; for this reason, Tecno-Grooming Aries slicker brushes are mainly used by professional groomers.

They are ergonomic and designed for:

- All types of hair and breed;
- Dogs and cats of all sizes;
- Ideal for undercoat and thick brushing.

Great for

- Fluffy, woolly and long hair;
- Curly, cottoned and with thick undercoats;
- Thick coats for working to the root.
